

## Absence of PFAS in Our Materials, Processes, and Equipment

We hereby affirm that our company does not utilize per- and polyfluoroalkyl substances (PFAS), commonly known as "forever chemicals," in any of our materials, manufacturing processes, or equipment. This commitment aligns with our dedication to environmental sustainability, human health, and compliance with evolving global regulations.

Our rigorous sourcing protocols and supplier assessments ensure that all materials and components meet stringent safety and environmental standards.

This policy underscores our proactive approach to sustainability and our responsibility to provide safe, high-quality products to our customers and the communities we serve.
